Golden Circle Experience
With a possible journey Into the Glacier

This tour offers **spectacular aerial view** of the famous Golden Circle and other **highlights of Icelandic nature**. Witness spectacular waterfalls from a unique angle and stand on one of Iceland’s glaciers, Langjökull. Visit the magnificent Geysir geothermal area, where you can take a stroll and enjoy the sights or grab a coffee. Afterwards we make our way to Þingvellir National Park and view the **Continental rift** from above, where you can clearly see how the **tectonic plates** are drifting a part. This is an experience you will never forget.

**Add to your tour a journey Into the Glacier**

Join us on the Golden Circle tour and during our one stop you will embark on a journey with experienced guides and travel Into the Glacier. A **breathtaking experience** where you enter Langjökull glacier and get to travel deep inside it to view its **hidden wonders**. Just keep in mind that this experience is **only available with a pre-booking**.

*Dress Code: Warm layers and waterproof shoes*
Glacier Express
For those of you who just can’t wait to set foot on a glacier. This is the one for you!

Starting from Reykjavik airport we head straight to the second largest glacier in Europe, Langjökull. There we will endeavor to land* and experience the calm and quiet of the Icelandic glacier air. Langjökull is one of Iceland’s visible remains of the last Ice age. In summertime you will see cracks and crevices in the glacier formed by its crawling outwards from under its own weight. On the way back we will pass the 9000 year old volcano Skjaldbreiður that has the rare shape of a shield hardly seen elsewhere in the world. We will fly along the magnificent Continental rift and over Þingvellir national park where you will hear about its important part to play in Icelandic history.

ROUTE: Reykjavík – Langjökull – Skjaldbreiður – Þingvellir – Reykjavík

*Glacier landings are only made when deemed safe by our pilots and are determined by factors such as weather and glacier surface conditions. For your safety, HELO reserves the right to alter routes, flight plans and itineraries if needed.

Personal guiding in English and Scandinavian

Complementary transportation service to and from departure point

All prices include the VAT tax

This flight offers a magnificent sight of the **steam columns** from the geothermal power plants at Nesjavellir and Hellisheiði. Enjoy a unique view of Iceland’s **tallest waterfall** Glymur which can best be seen in all its glory from the air. The flight takes you past **historical places** such as Þingvellir National Park, the site of the first parliament in Europe. Here you can see the **Continental rift** where the American and Eurasian tectonic plates are pulling apart. We will make a stop at a **geothermal hot spot** before we head back to Reykjavík.

Heli-Glacier Hike

Experience the untouched glacier

Combine a helicopter tour with out of this world activities – A Glacier Hike. Glacier Hike on top of an Icelandic glacier, allowing you to safely step out of the helicopter, on to the outskirts of a glacier, in the company of experienced mountain guides. Before departure there will be short briefing and equipment will be fitted for the glacier hike.

We get in the air for an unforgettable flight over the black sand beaches, infamous volcanoes that stirred the nations and waterfalls of the South coast of Iceland. As the sight seeing continues, we will touch down on the glacier for an hour-long private glacier hike and exploration high up on the glacier.

Don’t worry about the equipment, the price of the tour includes waterproof mountaineering boots, technical glacier equipment and extra rain gear.

ROUTE: Reykjavik – Black Sand Beaches – Eyjafjallajökull – Þórmörk – Tungnárkvísarjökull

transportation service
to and from departure 
point

All prices include
the VAT tax

On the way to the Glacier lagoons we head **off the beaten track** and into the southern highlands. We will take you over **incredible landscapes**, ferocious volcanoes, glaciers, glacial rivers and beautiful waterfalls that only a lucky few get to see. Our pilots will guide you through the wilderness and tell you all about how Iceland has been shaped in this unique way by both fire and ice.

Before we get to the lagoons we fly on the edge of Europe’s largest glacier, Vatnajökull. As we approach the Glacier lagoon we can touch down, so you can explore the area and get a closer look at the floating clear blue icebergs that have broken off the glaciers edge.

After the Glacier lagoon visit we make a stop at Hotel Laki where it is possible to enjoy some refreshments while we refuel the helicopter.

*Book sailing on Glacier lagoon in advance.*
Nature’s Highlights

Enjoy the hotspots of Icelandic nature

This helicopter tour beautifully combines two of our most popular helicopter tours, The Golden Circle Experience and the Eyjafjallajökull Adventure. Along the way you’ll experience stunning views of spectacular waterfalls, geysers and glaciers, places of historical interest and wonderful landscapes. It’s a dramatic and enlightening introduction to the highlights of Icelandic nature, in only a few hours.

This helicopter tour is our personal favorite, it simply has it all

Amazing views via helicopter, numerous stops along the way and a stop at the Lava Centre for the eruption exhibition and some light refreshments. The Lava Centre is an interactive, high-tech educational exhibition depicting volcanic activity, earthquakes and the creation of Iceland over millions of years. It is definitely one of our most popular helicopter tours as it flies you to remote locations such as Háifoss, Laxárgljúfur, Landmannalaugar, Lakagigar, Katla, langisjór and the edge of Vatnajökul as well. These sights are so remote, only a few manage to witness. You will also be introduced to the most vicious volcanoes in Iceland, as you witness the mark they left on the Icelandic landscape. Fortunately they are all sound asleep as of now, but we never know when they awake from their sleep again.

Custom made tours
Make your own travel plan with Helo

Allow us to help you use your time in Iceland as effectively as possible. Experience in few hours what would take days to cover by a car. We offer tailor-made travels in the comfort of our beautiful Bell 407 – the finest helicopter in Iceland.

Whether you want simple sightseeing, bathing in a natural pool, picnicking on a glacier or enjoying a fine dinner in the country. **We can pick you up anywhere in Iceland and take you wherever you want to go.** Capacity per helicopter up to 6 passengers.

Please contact us by phone at +354 561 6100 or send us an email at info@helo.is for further information.

- Capacity per helicopter is 5 to 6 passengers
- Personal guiding in English and Scandinavian
- Complementary transportation service to and from departure point

Our knowledgeable team is focused on providing excellent service and a solution driven approach to match your desires. We accept all major credit cards.

The departure point for our sightseeing tours is at BIRK Flight Services at the domestic airport, downtown Reykjavík, next to Hotel Natura.

*Flight duration may vary due to weather conditions or any other factors beyond our control. For your safety, Helo reserves the right to alter routes, flight plans and itineraries if necessary.
Tips and advice

**Dresscode** – Good shoes are recommended, shoes you want to be wearing in the highlands and on top of glaciers. In winter-time we suggest a warm winter jacket, gloves and scarfs. In summer a sweater and a light jacket is usually enough. Dress in layers so you can easily take off the outer layers. Coats can be stored in the baggage compartment while you enjoy the scenery from inside the warm helicopter.

**Snacks** – Before departure you will be able to enjoy a warm drink, water or soda. We encourage people to pack light snacks, especially for tours lasting more than 2 hours to keep up your energy for the whole experience. On tours where a fuel stop is needed we offer our guests warm drinks and snacks.

**Single traveller** – Are you a solo traveller interested in joining an open tour or 2-3 people interested in a longer tour? Send us an e-mail at info@helo.is with dates and times you are available, and we will do our best to pair you with others to reach the minimum required.

**Special Assistance Needed** – Our facilities are both spacious and wheelchair accessible. Wheelchairs do not fit inside the helicopters, but our pilots and personnel are happy to provide the assistance needed to board. Want more information? Send us an email at info@helo.is or call us at +354 561 6100.

Valid through: 2018
Scenic Flights
with Comfort and Style

Finest Helicopters in Iceland
Leading in Luxury

Our beautiful new helicopter, Bell 407, is modified with X-large, bubble floor-to-ceiling windows, providing exceptional view. Bose headsets with noise cancelling, Ivory leather seats, increased cabin space and great comfort. Furthermore, the Bell 407 helicopters are known for their outstanding performance and safety.

Our passion
We at HELO adore the Icelandic nature and consider it to be a privilege to have the opportunity to share our vision and experience with our guests. We truly believe that exploring the fragile Icelandic nature by helicopter is one of the gentlest ways of travelling, helping to preserve the delicate landscape, leaving you with a visually stunning and genuinely unique experience!
